MAYOR TOFT LEADS FIGHT TO SAVE SEWER EXPANSION

Mayor Ray Toft

Last week, the Village engineer, Frank Angelotti, received a telephone call from a State Department representative, informing him that the State is considering denying Antioch's request for State Aid for the expansion of our Sewage Treatment Plant.

The reason for this consideration is due to the fact that Fox Lake has filed a Regional Waste Plan and the Lake County Public Works Department has endorsed their plans. The Fox Lake's Sewage Plan calls for a county wide sewer system and stated that Antioch will be connected to the system by 1975. Therefore, the State feels that Antioch does not necessarily need to enlarge their sewage plant.

However, Frank Angelotti is of a different opinion. He said, "Right now Antioch is attempting to convince the State that the county's timing is off, that it is more likely that we will not be hooked up with the Fox Lake system before 1980 and that Antioch should not be

denied these next eight years of growth."

According to Fire Chief, Tod Maplethorpe, the present sewage plant is now at a 116 percent capacity, which is 16 percent over the regulation capacity. A half million gallons make up the current system, which is comparable to serving 5,000 people, based on the 100 gallon per person, per day, ratio. Maplethorpe pointed out that Antioch's fairly heavy industrial load takes up some of the system's capacity.

An expansion to the sewage system has been in the planning process for the last two years. The project was scheduled to begin in March of 1973 and was to be completed in December of that same year.

The expansion will enlarge the system to a 750,000 load, which will service a population of 12,500.

It is thought that Antioch will not be able to grow with their already overloaded sewage system unless an expansion is

permitted. Bob Bemis, who is the head of Antioch's Planning Commission said, "If Antioch is denied the expansion, it will put a stop to most developments. Single family units will be able to be built, but they (the State) can put a stop to this at any time. This will definitely have to stop multiple and commercial developments."

Tod Maplethorpe voiced this same opinion as he said, "Antioch can not afford to die for two years or however long it may be. I spoke with one contractor this week who said, 'If we can't operate in Antioch then we will have to go somewhere else.' "

Maplethorpe also pointed out that Elgin is in the same position, as they are caught in a similar hassle with their sewage system and as a consequence they have not been able to build anything over the past year.

Something is being done to

CABL PROJECT TO ADD TO GROWING POPULATION

PEGGY VAN PATTEN PILLSBURY BAKE-OFF WINNER

A certain telephone call has caused much excitement in the Jerry Van Patten home in Antioch this week. The call was from the Pillsbury people in Minnesota telling Peggy Van Patten that she is one of the one hundred finalists selected out of thousands of contestants from all over the United States. This is really quite an honor. Not

only will the Pillsbury people be flying Peggy to California to participate in the televised Bake-Off, but they will also be supplying \$100 to cover expenses. Peggy has already been awarded a GE self cleaning range and GE mix master.

Peggy had been joking to her

Continued on Page 4

In 1970, the Northeastern Planning Commission, estimated that the existing population of the township of Antioch was 11,639. At that time they projected that by 1975 the figure would jump to 13,000, by 1985 15,500 and when 1995 rolls around it will have increased to 18,500. The Lake County Regional Planning Commission adds 500 more people to this last figure, as they project that by 1995 Antioch Township's population will have reached 19,000.

Regardless of whose estimate is most correct, it can not be

denied, that Antioch is destined to grow and that the growth will soon be felt by local residents.

Most of Antioch's population is familiar with such developments as Pheasant Creek and Thunderbay. But few are aware of a new development that has been in the makings since last July.

This new development is under the name of the CABL project and will be located just south of North Avenue and just north of the Upper Grade School on the west side of Tiffany Rd. The Pheasant Creek Develop-

ment is in the exact same area. CABL will be bordering it.

CABL is owned by a group of area professionals, namely Dr. Albert Bucar, Dr. John J. Lorang, Dr. Edward Abderholden, and Ted and Bob Costoff. This is the same group of men who currently own the Pheasant Creek Development. The two developments will be kept separate as the land for the CABL project has not been annexed by the Village as yet. The owners are now in the process of presenting their

**REFERENDUM
COUNTDOWN**

The Antioch Community High School tax referendum frenzy is reaching its peak now, and it will culminate with the vote on this Saturday (December 16, 1972). This vote will determine, to a large extent, the future of education here in Antioch.

Those people who believe that kids deserve the chance for a decent education have been working very hard for the referendum's passage. They apparently believe that the added sacrifice of a slightly higher real estate tax bill is a worthwhile investment in Antioch's future.

A recent U.S. Labor Department study indicates that poverty correlates with lack of education. Lack of education, in turn, correlates with a low level of education of the head of the household and with a childhood spent in an area where educational opportunities were limited. The study concludes by pointing out that the poor, in all too many cases, are poor primarily because they do not have a breadwinner trained for the skills needed to bring home the income required to pay for family needs.

Antioch is not a poor area, but Saturday's vote will determine whether or not our high school will be forced to provide a second rate education for first rate kids.

Continued

plans to the Antioch Planning Commission with the intent of gaining a favorable recommendation for annexation. The project must also gain a proper recommendation from the zoning board before it is turned over to the Village Board for a final decision.

CABL will have a very definite effect on Antioch's population, as it may involve as many as 2,800 new residents. This addition will almost double Antioch's present population of 3,400.

On 154.6 acres of land, 830

units will be housed. 365 of these units will be single family homes consisting of two to four bedrooms. There will be 105 townhouses and 360 apartments with one or two bedrooms. Besides the many units involved in the CABL project, there will be 35 acres of recreational open space.

The development of this large project will be slow. "It will be at least five to six years in the making," according to Mr. Norman Drummond, Associated Planner for the project. These five to six years are taken from the time the construction of the units actually begin.

Drummond pointed out that first the planning and zoning must be taken care of followed by an annexation agreement made with the Village Board's approval. A public hearing will then take place. The sewage disposal problem must be faced and settled. This particular problem could slow the construction down by a matter of years. And lastly engineering and final designing must be worked out. Realistically speaking, Drummond feels that the actual construction of the project will not take place for a matter of years.

Toft said, "If we are not permitted to go ahead with our sewage expansion plans we will be out of business for many years. However, we do stand a very good chance of getting our plans through, since we are not looking for a lot of money.

Toft further commented, "We are making every possible move to see that the sewer plant will be built on schedule this coming spring."

Postmaster Barnas and Pres Reckers with the help of the State Bank sign remind everyone to use Zip Codes on all their Christmas mail (Staff Photo)

**TAX LEVY
CORRECTION**

Last week it was reported that the levy for the coming year totals \$10,195,026, which is an increase of \$163,182 over the current levy. However, there was an error concerning its effect on the tax levy next spring. It will be effected by a decrease of \$4.70 rather than by an increase of that amount.

It should be noted, however, that only the County's tax rate has been reduced. This will not necessarily effect Antioch's own tax rate.

**FREE RIDE TO
POLLS OFFERED**

The Antioch Community High School PTA, which is working for the passage of the educational tax rate referendum on December 16, 1972, is offering free rides to the polls. For those who need a ride, the number to call is 395-5423.

counter-act the possibility of a denial. Mayor Raymond Toft met with a representative from the State on Friday and he will be meeting today with state legislators. Toft is in the process of gathering together the many necessary plans, which he will take to Springfield and then on to Washington D.C., if necessary.

Toft said, "If we are not permitted to go ahead with our sewage expansion plans we will be out of business for many years. However, we do stand a very good chance of getting our plans through, since we are not looking for a lot of money.

Toft further commented, "We are making every possible move to see that the sewer plant will be built on schedule this coming spring."

RESPONSIBILITY GOES ALONG WITH GROWTH

Within the last few months Antioch has had many important things happening within its immediate realm. New developments are now a daily topic as Pheasant Creek, Thunder Bay, and many more developments such as the new CABL project struggle to become part of the community. Decisions must be made in regards to these developments and they must be the best decisions possible. Does Antioch want Santino's PUD and if not, why not? And on and on....

What about the Sewers? Will the proper steps be taken now or will Antioch be forced to be part of the Countywide sewer system, which may stunt their growth for years to come.

Where will the revenue sharing money go? Will it go to the projects that will best cover the needs of the whole community?

These questions are all very vital and pertinent questions. If they are answered incorrectly the whole course of Antioch may be changed for the worse rather than for the better. Village officials must realize the great responsibility that is now facing them and should take a re-newed interest in their work. Just as the public should be more attuned to their community than ever before. Growth, which is already a reality in Antioch, will bring many changes. It is up to us all to see that these changes will add to our community rather than to harm or mar it in any way.

VOTE YES ON DECEMBER 16th

By this time most residents of Antioch are aware that they have a most important duty to perform on Saturday, December 16th. It is just not a mandatory duty, but rather a deep-seated obligation to ensure an adequate education to those who will soon be running this community. It is a time when some will have to stop and rearrange their values. Which is really more important? A handful of extra money in the bank or an educational system that is not on the brink of a disaster.

Very few people can honestly doubt the fact that this referendum is more than necessary. If it is not passed the board will be faced with unpleasant alternatives, such as making more cut backs in the all ready too scanty programs, or running the school until they are forced to close their doors in the face of bankruptcy that is just around the corner.

However, isn't it a shame that many people will pay little attention to the pleas and wisdom of their consciences and will brutally vote no on Saturday. Some will not even make the effort to vote at all and they are just as guilty of depriving our kids of the education that they deserve.

Be honest with yourself, and really vote yes on December 16.

Letters to the Editor on any current issues are welcome. Only letters with names can be considered for this column. Signatures will be withheld on request. Letters cannot be returned and are subject to minor editing.

ONE OF THE LUCKY ONES

I am one of the lucky ones. I graduated from Antioch Community High School in 1972 and was one of the last of many who benefited from the educational program provided at ACHS. I have seen Antioch change and seen the high school change with it. I feel that it is time now for Antioch and its surrounding towns that send their kids to ACHS to start changing with the high school.

...I worked very hard, along with some very faithful kids, some not yet in high school, to pass the referendum that was held this summer. Unfortunately, we didn't have enough kids to get out and knock on doors, pass out leaflets, and generally inform the parents of what the school needed. So, instead of the victory celebration we planned, all we could do was think and shudder about what ACHS was going to be in future years. My five sisters and brothers are going to graduate from ACHS with much, much less than what I had. What makes me feel worse is that now that I am at a college which is tough, especially in its academic aspects, I can see what aspects of Antioch have helped me. When I compare the depth of each area of the college-prep courses I had with the depth of those other freshmen took, I realize that, if anything, the programs at Antioch should be intensified, NOT cut entirely.

...To the parents of kids who are attending ACHS or who have

kids who will be going there I can only wonder how you could ever vote 'no' on this referendum on December 16, if you do indeed love your children and want the best for them. To those senior citizens who have already put their children through school I ask how can you vote 'no' on this referendum knowing that if it isn't passed other children - some of your grandchildren - will have to settle for a low grade of education? Finally, to those kids who are 18 and can vote I ask how can you vote 'no' when you have received the best Antioch had to offer - which was a top grade education.

...My last thought on this subject is something I've come to realize now that I've had a taste of college life. I realize that the main answer to our problems, both small and large, is education. If we begin to cut down our educational programs instead of building them up, we are only lessening our chances of solving our problems, and with the world the way it is today I don't think we can afford to vote this referendum down.

Sincerely,

Donna Kessler

The Parents of
Antioch:

YOUR GREATEST CHRISTMAS GIFT

My British wife has recently passed her citizenship examination and when asked why she had decided to take this step now, she replied "So I can vote 'Yes' on the bond issues to raise my school taxes. I want my children to have a good education and I'm willing to pay for it." Remembering 1776 and taxes that is ironic. Her schooling was interrupted 30 years ago by bombs and rockets, so she knows what it is to be short-changed in learning.

A good educational system for an extra \$30 - \$60 per year in taxes per household (not child) would be the greatest Christmas gift any Antioch parent could give his children. Those parents who vote "No", or even worse, don't vote will have to live with their consciences for a long time.

Snowmobiles, color T.V.'s, new cars, boats, stereos, etc., are fine THINGS but they can rust, depreciate or be stolen. No one can take away what is in your child's head - the ability to think - if he is well educated.

Please Antioch parents give your children a Christmas gift this year for which they will be grateful the rest of their lives. Vote "YES" on the 16th.

Merry Christmas and a Peaceful New Year.

friends about the possibility of winning the contest for months now, but she never really expected to win. This is the first time she has ever entered a big contest, and needless to say that this is the first time she has ever won anything.

Peggy found her recipe hard to describe, she calls it Cinnamon Apple Crunch and she said that it is kind of on the order of squares. This winning recipe did not emerge after many tedious hours in a laboratory. Rather, it was created one night as Peggy prepared dinner. She decided to make dessert for her growing family and just merely put together what she had, and in no time Cinnamon Apple Crunch was born.

Last year when Peggy watched the Bake-Off on television, she observed that most of the contestants were people just like herself, and that many were high school students, who created their recipe for their home ec class. If they could do it, so could she, and she really proved her point.

Baking has always been an intense hobby of Peggy's. She comes from a long line of

Swedish ancestors and has prepared many a customary smorgasbord. She did not take baking when she attended Antioch High School, but she did get some of her baking experience during her many

years with 4-H.

Besides being a Bake-off winner, Peggy has other things to be happy about this Christmas season as she will be soon having her third baby. Peggy's children are Jeff 7 and Jenny 2½.

DELAY FOR THE PLANNING COMMISSION

Mr. Bob Bemis, head of the Antioch Planning Commission, received an important letter from the Lake County Regional Planning Commission, this week.

The letter stated, "The staff of the Regional Planning Commission is presently completing the final draft of the forthcoming Lake County Comprehensive Plan. This effort has first priority in terms of staff time. Therefore, we will be unable to complete "Antioch Base Map and Soils Survey", "Village of Antioch Population, Housing, and Economy Background Studies", & Review of the "Antioch P.U.D. Ordinance promised on or about November 30, 1972. We will resume work on this project about January 15, 1973."

The Village of Antioch has a contract with the Lake County Regional Planning Commission to help them with comprehensive planning and mapping of the Village. This type of comprehensive study entails topographical maps, soils, land usages, zoning and much more. This information is necessary to supply the planning commission with the many facts needed to make recommendations concerning the new developments that are presently under consideration.

Mr. Bemis said, "It (the delay

of the study) will slow us down, but eventually we will have to go ahead and make some decisions, even though we will not be prepared as much as we would like to be.

Mr. Bemis further commented that the study will not be completed until three or four months after they begin work again. The work is being done by Joe Hertlein and Cranston Byrd from the Lake County Regional Planning Commission. In regards to their work, Mr. Bemis said:

"I would like to emphasize two points. First of all we are more than satisfied with these men's work. They have been doing a very fine job. And secondly, we need their help and we need it soon."

Antioch's Planning Commission does not have the time or the knowledge to conduct such a study. He pointed out that these people are professional and know exactly what they are doing.

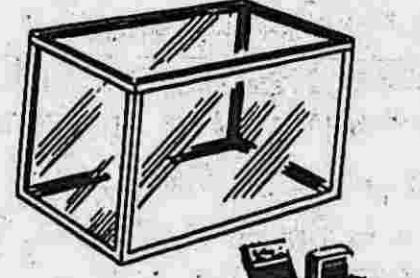

Bemis added, "The 10 members of the Antioch Planning Commission have been getting a real work out, and I can see nothing but more of the same for them in the future."

Santa is alive and well but trapped in a holding pattern over Chicago.

REVENUE SHARING BRINGS \$27,000 TO ANTIOCH

Antioch received a check for \$27,000 on Tuesday from the General Fund of the U.S. Government through the revenue sharing program.

A special Village Board meeting was called on Tuesday night to discuss the revenue sharing program and to make some decisions regarding its expenditure.

The newly gained money can be dispersed into any of eight categories that have been set up by the government. These eight categories include: Public safety, Environmental protection, public transportation, health, recreation, libraries, social services for the poor or aged, and financial administration.

Almost all of the board members had a special thought on where the money should go.

Mayor Toft said, "I would like to see the money be set up in a percentage wise manner, covering four or five projects, rather than using the whole of the money in one area. I would like to see everybody in Antioch benefitting from this money."

Vern Barnstable felt that the money should be allocated to the completion of one of the badly needed water retention basins, but this one project would absorb all of the 1972 monies. Since storm waters have been such a problem in particular areas, he suggested that at least part of the money be spent to get the water retention basins started.

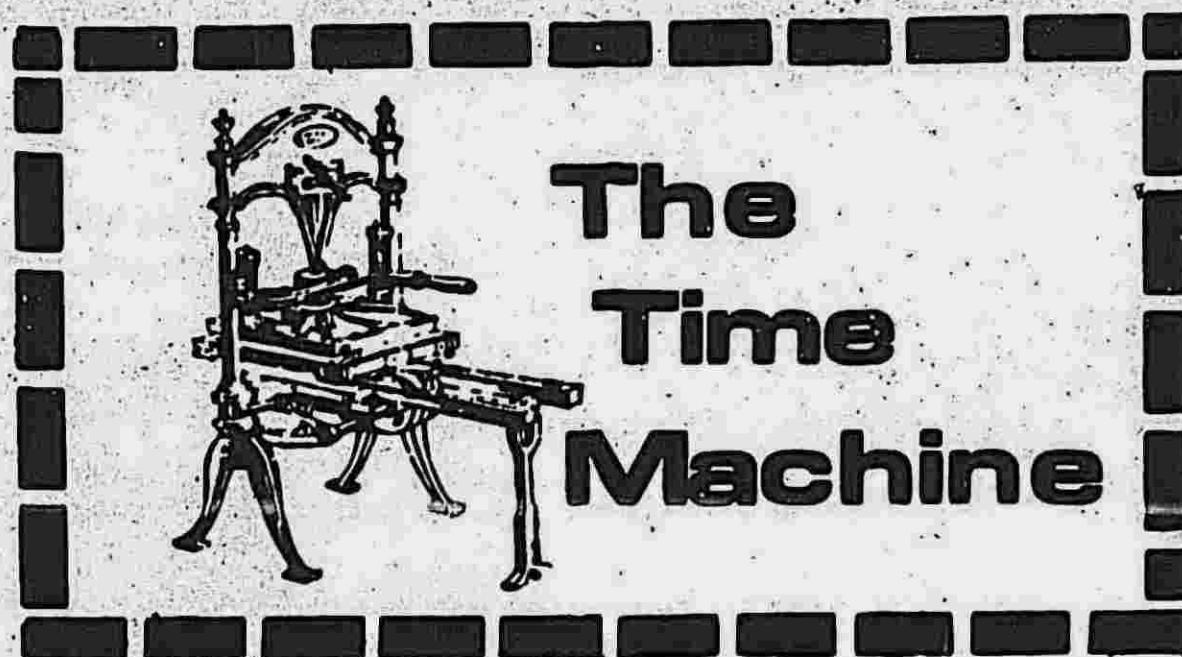

George Bartlett pointed to the fact that Antioch's library has contributed so much to the community that they should really receive a share in the money. The board unanimously agreed with Bartlett, but questioned a technicality that might stand in their way. The Library is called the Antioch Township Library and since the township is also receiving money their share may have to come from them. The matter will be further investigated and the possibility of a joint contribution from both the Township and the Village will be considered.

Public safety was discussed and everyone agreed that the police force could use another patrolman. It was also mentioned there are more little leaguers than diamonds.

In the end it was agreed the money will be distributed into four categories. \$30,000 will be spent in the area of environmental protection, this will cover the needed retention basins. \$10,000 will be spent in the area of public safety and that same amount will be spent on recreation.

The remaining \$4,000 will be decided upon at a later date. The specific projects within these categories have not been decided upon as yet.

This year the Post Office is going a little further with those special Christmas stamps. The glue will be flavored eggnog.

The Time Machine

70 YEARS AGO, DECEMBER 11, 1902

H. A. Radtke was transacting business in Chicago, Monday. Several from Antioch were at the County seat, Tuesday, as witnesses in the SmithCase horse case.

50 YEARS AGO, DECEMBER 14, 1922

Chesney Farms of Lake Villa, Ill., owned by O. W. Lehmann won Grand Champion Boar at the International Live Stock Show the largest in the world. It is the first time in the history of our show that a Lake county Duroc-Jersey boar has been champion. Sensation Improver, the Grand Champion, is a senior yearling and weighs 860 lbs.

Doings at the High School - Wesley Wertz is carrying his nose in a sling since the game Friday night.

25 YEARS AGO, DECEMBER 11, 1947

TAXES - WHAT THE HIGH SCHOOL RECEIVES

When considering the high school referendum many people have asked, "what portion of the taxes does the high school receive? In attempting to answer this vital and pertinent question the school has released the following information:

Antioch Township Tax Statistics

1960 to Present

Year	Sample Real Estate Tax Bill	Portion of Tax to A.C.H.S.
1960	\$326.10	\$109.80
1961	381.40	122.60
1962	374.60	127.00
1963	376.40	135.60
1964	386.70	132.90
1965	404.90	142.80
1966	418.20	147.50
1967	473.10	148.10
1968	514.50	157.10
1969	641.60	205.10
1970	606.70	188.70
1971	616.00	197.60

The above figures depict an example of what has happened to real estate taxes in the village of Antioch during the period from 1960 to now (rates supplied by the Lake County Tax Extension Office), using a house with an assessed valuation of \$10,000.00 (mar-

ket value of approximately \$20,000.00).

While the total real estate taxes in the above example increased by \$289.90, or 89 percent in ten years, the high school portion of that increase was \$87.80, just 33 percent of the increase.

The tax rate increase of 40 cents per \$100.00 assessed valuation is essential for continuing the level of education that has come to be expected by the residents of District No. 117 for their children. The 40 cent tax increase, if approved, would raise the High School tax in the above example from \$197.60 to \$237.60. This means that if the subject household has just one student at Antioch Community High School, they would pay \$237.60 per year towards our yearly cost per pupil of \$1,316.56. What these figures mean is that if you send just one child thru Antioch Community High School, and if your taxes and our costs per pupil were frozen at present levels, it would take you 22 years of paying real estate taxes to reimburse your high school for one child's four years of attendance.

CANCER SOCIETY OFFERS FREE PAP CLINIC

On January 16 the Lake County Unit of the American Cancer Society will again conduct a free Pap Clinic for women of Lake County at the Barwell Settlement, 201 Liberty Street, Waukegan. Hours for the free Pap test are from 9 A.M. to 4 P.M., and appointments are not obligatory.

The American Cancer Society has activated a National Task Force on Uterine Cancer Control with a goal to provide new direction for a major ACS program of a Pap test for every woman by the year 1976. Uterine cancer could be dramatically reduced as a cause of death—if every adult woman would have a Pap test annually.

The Pap test can detect not only early cancers, but pre-cancerous conditions, and permits diagnosis before symptoms appear; at a time when it is most curable.

A 1969 survey of 10 major U.S. areas reported that for every 100,000 white women uterine cancer occurred in 50; for every 100,000 black women, in 89. Puerto Rican immigrant women have about four times as much uterine cancer as the average American female population.

Dr. Peter L. Vinciguerra of Libertyville, President of the Board of the Lake County Unit of the American Cancer Society, is Chairman of the Pap Clinic. He urges all women in the county to give themselves a Christmas gift by making an appointment for a free Pap test on January 16.

GIVE THE GIFT OF LIFE

DALE CHASE

internal hemorrhaging into any joint. The episode may start with a bump or a fall and sometimes without direct cause. As the bleeding continues, pressure builds and pain becomes intense. A number of hemorrhages in an elbow or knee can cause permanent crippling.

A bleeding episode is treated with the intravenous administration of cryoprecipitate which will temporarily produce clotting and stop a hemorrhage. Immediate treatment is necessary to prevent deformity and crippling problems. Hemophilia is incurable.

As blood is a living resource which cannot be manufactured or synthesized, blood banks must start with human blood in order to process cryoprecipitate. One unit of cryo must be replaced with two units of human blood. One unit of blood costs \$28.00 plus administration.

Dale is the son of Mr. and Mrs. David Chase of Lake Villa, Illinois, formerly of Antioch.

He is not only 140 pints behind, but he will probably require that much more blood in the future. Recognizing Dale's plight, the Prince of Peace Mother's Club, Brownie Troop 126, and Junior Girl Scout Troop 216 have organized a

blood drive in Dale's behalf.

The drive will be held at the Prince of Peace Church on December 17th from 8:00 a.m. until 2:00 p.m. The Chicago Blood Donor Service Incorporated which is a professional, non-profit organization will be working in conjunction with the sponsoring groups. Since the group is a non-profit organization, Dale will receive full credit for each pint that is given.

You can help Dale if you are in good health and meet the requirements. Your donation is the only hope this youngster has of a fairly normal life. Please call Mrs. Robert Knorek at 356-3141 or 356-3024 for reservations.

FIREMEN STAGE

BUS ACCIDENT

Last Sunday, December 3rd, there was a bus accident in Wauconda. A car hit the side of a school bus, which in turn rolled down a hill and flipped over. Approximately 45 students were trapped inside, some of them fatally wounded.

The strange thing about the accident was staged for the benefit of the training program on school bus accidents.

The firemen themselves turned the bus over and placed the 45 students inside. The kids were decked in moulages, which are fake, cuts and bruises. There were also a lot of compound fractures and fake blood too. The kids did a marvelous job of screaming and moaning as the firemen set to work to free them from the wreck. The firemen opened the old bus right up, drilling here and there and removing windows. They even cut sections of the roof out.

In an hour and 15 minutes all of the accident victims had been removed and were rushed to either the McHenry Hospital or Condell Hospital in Libertyville. Doctors were on hand to greet these pretentious victims. The doctors checked to see that the first aid that had been administered by the firemen was correct as well as complete.

Each year the Lake County Firemen's Association plans 6-8 of this type of drills. However, this is the first "school bus accident", training session.

HOLIDAY PUDDING WITH CREAMY BRANDY SAUCE

Serves 10-12

3 cups diced mixed candied fruits	1/2 cup shortening
1/4 cup California Brandy	1/4 cup sugar
2 1/2 cups sifted all-purpose flour	2 eggs
1 tsp. baking powder	1/2 cup golden molasses
1 tsp. salt	1 cup finely chopped apple
1/2 tsp. each cinnamon, nutmeg and allspice	1 cup soft bread crumbs
	1/2 cup chopped walnuts

Combine candied fruits and brandy. Cover and let stand 4 or 5 hours or overnight. Stir several times to distribute brandy. Resift flour with baking powder, salt and spices. Beat shortening, sugar and eggs together well. Add candied fruits and brandy, molasses, apple, crumbs and walnuts. Stir in dry ingredients just until well blended. Turn into well greased and floured 2-quart ring mold. Cover top with foil, pressing around outer edge of pan to seal. Bake below oven center in moderately-slow oven (325 degrees F.) 1 hour 40 minutes, or until pick inserted in center of pudding comes out clean. Remove from oven, let stand 10 minutes, then turn out onto serving plate. Serve warm, with Creamy Brandy Sauce.

Creamy Brandy Sauce: Measure 1 1/2 cups sugar, 1/4 cup butter (or margarine), 1 cup whipping cream into a heavy saucepan. Bring to a boil, stirring now and then. Remove from heat and slowly add 1/4 cup California brandy. Stir in 1 teaspoon grated lemon peel and 1 tablespoon lemon juice. Serve warm or cool. Makes about 3 cups sauce.

HOLIDAY WINE CHIFFON PIE

1 teaspoon unflavored gelatin
1/3 cup sugar
4 egg yolks
2/3 cup Rhine wine
4 egg whites
1/4 teaspoon salt
1/3 cup sugar
1/2 cup heavy cream
1/4 teaspoon vanilla
1 baked 9-inch pastry shell

Mix gelatin with 1/3 cup sugar. In top of double boiler, beat egg yolks. Stir in wine and then gelatin mixture. Cook and stir over boiling water about 5 minutes, or until thickened. Remove from heat.

Beat egg whites with salt until fairly stiff; then gradually add 1/3 cup sugar, beating until stiff peaks form. With same beater, beat cream with vanilla until stiff. Fold wine mixture into beaten egg whites; then fold in whipped cream. Pour into pie shell. Chill until set. If desired, whip additional cream for garnish. This pie is best when served the same day it's made.

ANTIOCH SHOPPING PLAZA

Please With Punch

Syllabub

2 cups (7-oz. jar) Kraft Marshmallow Creme	2 cups Sauterne or dry white wine
1/2 cup lemon juice	1/2 cup brandy
1 tablespoon grated lemon rind	1 quart milk
Combine marshmallow creme, lemon juice and rind; mix until well blended. Stir in wine and brandy. Gradually beat in milk. Fold in whipped cream; chill.	
Approximately 2 1/2 quarts.	

TASTE-TINGLING PUNCH

1/4 cup brown sugar, firmly packed	1 cup water
1 cup water	1/4 teaspoon salt
1/4 teaspoon ground nutmeg	1/4 teaspoon ground allspice
1/4 teaspoon ground cinnamon	1/4 teaspoon ground cloves
1 46-ounce can unsweetened pineapple juice	1 1/4-quart bottle cranberry juice
4 cinnamon sticks	butter

In a five-quart saucepot, mix sugar, salt, spices (except cinnamon sticks) and cranberry juice. Bring to a boil. Add pineapple juice to the hot spiced syrup and heat again to boiling. Pour into a warmed Pyrex four-quart toddy bowl. Serve in Creative Glass sippers. Dot with butter; use cinnamon sticks for stirrers. The recipe makes 3 1/4 quarts or about 20 five-ounce servings.

Holiday Punch

Holiday Punch

(Makes about 5 quarts or about forty 4 oz. servings)

2 1/2 quarts water	1/2 cup lemon juice
18 teabags or 6 tablespoons loose tea	3 cups vodka, chilled
3 (6 oz.) cans frozen concentrated fruit juice	Superfine sugar to taste
1 (28 oz.) bottle club soda, chilled	

Punch

Bring water to a full boil. Remove from the heat and immediately add tea. Cover and let stand 5 minutes. Strain and cool. In a large punch bowl combine tea, Hawaiian punch, lemon juice and vodka. Add sugar to taste and stir until sugar is dissolved. Just before serving add club soda and ice cubes. Garnish with lemon and lime slices, topped with halved maraschino cherries.

*If using instant tea, simply mix 6 tablespoons of the powder with 2 1/2 quarts cold water. Stir well to dissolve and add other ingredients.

New Deductions

Mr. and Mrs. Larry Fears are happy to announce the birth of their first baby, Kimberly Kay, born on Thursday, December 7th in the Lake Forest Hospital. Kim weighed in at 5lbs 12 $\frac{1}{2}$ oz and was 19" long.

Maternal grandparents are Mr. and Mrs. Wesley Nieland of Joliet, and paternal grandparents are Mr. and Mrs. Melvin Fears of Bellville.

An early Christmas present arrived at the home of Mr. and Mrs. Paul Hettich on December 6, 1972. Kristin Ann tipped the scales at 7lbs. 3oz and was 20 $\frac{1}{2}$ " long. The little lady was given a big welcome home by her two brothers.

Maternal grandparents are Mr. and Mrs. John Kloida of Michigan and paternal grandmother is Mrs. Cyril Hettich of Antioch.

RAINBOW GIRLS

The sponsoring body of the Order of Rainbow for Girls will meet at the Masonic Temple Dec. 17, 1972 at 7:00 P.M. to elect a new Board for 1973.

Interested Stars and Masons are asked to attend.

AMERICAN LEGION AUXILIARY

"During this Holiday season, would like to focus your attention on the large variety of handmade items fashioned by the disabled veteran and his dependents" states Mrs. Wayne Potter of Grayslake, Mundelein Unit; district veteran's craft chairman of the 10th District American Legion Auxiliary. "A fine assortment of leathercraft, basketry, paintings, plastic and ceramic jewelry and articles, knitted and crocheted baby wear, knitted and crocheted childrens and adults caps, mittens, sweaters, scarves; hand woven rugs, etc., are among the many items for sale to the general public."

Mrs. Potter explains that on December 15, 1937, the Illinois American Legion Auxiliary opened a small, non-profit shop in the Chicago loop area, known as the Veterans' Craft Exchange. Its purpose was to aid handicapped veterans in exhibiting and disposing of handicrafted articles made by themselves or their families. The Exchange, opened with 90 exhibitors, and now has over 300 exhibitors from 38 states.

One of their most popular items is their handmade rugs, woven by blind veterans. Many Auxiliary Units make donations of clean, useable material for these rugs, and always appreciate any extra contributions made by friends.

"Many of these articles would

make excellent Christmas gifts. These items are on sale on a year round basis, but are especially stressed at Christmastime" Mrs. Potter suggests. "The American Legion Auxiliary acts only as an exhibiting and selling agent for the goods these disabled veterans make. The entire profit realized goes to the handicapped exhibitor. The Auxiliary also pays for all the expenses incurred in the maintenance of this Veterans' Craft Exchange, now located in larger quarters at 30 West Washington St., Chicago, the only shop of its kind in the nation.

The Lake Zurich Unit has especially distinguished itself the last few years in their big sales of veteran made articles. Mrs. John Chudzik of Lake Zurich, a state board member of the veterans craft committee; and her husband, have been active in promoting sales for these handicapped veterans. Their Unit was highest in sales for 10th District, and second highest, statewide, last year with nearly \$3,000.00 sold.

Mrs. Floyd Horton was the Antioch Unit chairman some years ago, and she and her husband amassed sales in excess of \$3,000. Mrs. Horton was also second highest in state competition, with the first place winner, a downstate member, only a few hundred dollars

ahead. Since the Auxiliary does not receive one penny of remuneration, it is exceptional what these members have accomplished for those who are less fortunate.

Mrs. Potter concludes with important question: "What better way to help a disabled veteran help himself than by purchasing some of his fine handiwork?"

Anyone wishing to purchase any veteran made articles should contact Mrs. John L. Horan, Antioch Unit President.

The 10th District "Juniors" will meet on Friday, December 15th, at 7:00 p.m., at the Libertyville American Legion Home. They will then go Christmas caroling at the Lake County Nursing Home and the

Riverwoods Nursing Home in Libertyville. Afterwards, they will re-convene at the Libertyville Legion Home, for their Christmas party meeting, and hold a 50 cent grab bag exchange. According to Mrs. Charles McCormack, Mundelein district junior activities chairman; and co-chairman, Mrs. Ray Rathmann, Antioch; this party is open to all Juniors in Lake County.

A reminder to all children and youth chairmen, legionnaires and Auxiliary members that the 10th District American Legion and the Auxiliary's "Christmas Caravan" will leave the Lakes Region American Legion Home in Fox Lake on Saturday, December 16th, at 10:00 a.m. to visit the Childrens' Homes.

PRE GRAND OPENING

The State Bank of Antioch is nearing the completion of their new facilities. As their pre-grand opening special, they are offering the people of Antioch

something unusual.

Bring a friend or relative who is not a member of your household, and have him open a State Bank of Antioch 5 1/4

percent interest Time Certificate of Deposit for \$10,000 for three years. (The deposit must be new money to the bank).

Then as the sponsor you will receive a free RCA 16" color TV and your friend will receive 5 1/4 percent interest on his Time Certificate of Deposit. Prior to maturity, no principal may be withdrawn. Or when you bring in a friend or relative who is not a member of your household, and have him open a State Bank of Antioch 5 1/4 percent interest Time Certificate of Deposit for \$20,000 for 3 years. (Deposit must be new money to the bank), you will receive a free 25" RCA Color TV Console and your friend gets 5 1/4 percent interest on his Time Certificate of Deposit. Prior to maturity, no principal may be withdrawn.

Take advantage of this Superb Offer today...choose the RCA Color TV that best suits YOU, for the maximum in home entertainment! Deposits are insured to \$20,000 by the Federal Deposit Insurance Corporation.

The State Bank is also offering RCA's popular FM-AM Pockette Radio the perfect gift for young and old alike! Rotary vernier tuning with earphone, wrist strap and battery included is a \$15.88

value. Receive your Pockette Radio in any one of the following ways:

Open a \$5,000 Savings Account (any type) or add \$5,000 to your present account and get the Pockette Radio absolutely FREE!

Open a \$1,000 Savings Account (any type) or add \$1,000 to your present account and get the Pockette Radio for only \$5.95

Open a \$200 Savings Account (any type) or add \$200 to your present account and get the Pockette Radio for only \$8.95.

Open a \$50.00 Savings or Checking account or add \$50.00 to your present account and get the Pockette Radio for only \$10.95.

The State Bank of Antioch has not forgotten the kids on this pre-Grand Opening offer. When you open a \$10 Savings Account or add \$10 to your present Savings Account, you will receive your choice of one of the many hand-crafted velveteen stuffed animals.

When you open a \$25 Savings Account or add \$25 to your present Savings Account you will receive your choice of a prize collection of soft and cuddly soft animals.

WOMEN OF THE MOOSE

The December 7th Chapter Night Program was presented by Social Service Chairman Violet Shrader and her committee. All co-workers participated in a song-fest of Christmas carols. A lovely cookie jar, filled with homemade cookies, was the door prize from this committee, with Gerri Polson being the lucky recipient. Sonia Arndt was also the lucky one, when she was awarded a \$50.00 Christmas shopping-spree certificate in the drawing sponsored by Dariene Gers and her committee.

Rita Brandt received her chapter pin after attending the required number of consecutive meetings.

Judith M. Broder was the new candidate enrolled into the chapter, sponsored by Collegian Harriet Grewe.

The chapter was saddened by the loss of another member. The charter was draped for College of Regents member, Blanche Horton, who passed away November 29th. This lovely co-worker will be missed by all.

Co-workers, please note! The chapter business meeting will be December 14th instead of December 21st! Snow-flake Dance, December 16th.

The children's Christmas party will be held December 17, from 1 p.m. to 3 p.m. Final registration was December 10th for the kiddies of Moose members only. Gerry Mark, Civic Affairs chairman, promises an exciting party for the children.

Don't forget to get your New Years Eve tickets from Violet Shrader and her committee, or Ed Kurtz at the Moose Home - only \$2.50 per person donation. A gala time is planned for all, with numerous door prizes, food, favors and dancing to Frank Merle and his band.

ADVANCE DATE: Antioch will be hostess chapter at our annual Chapter Rally Day, on February 25th, to be held at the Antioch Methodist Church; more details about this important day later.

WILSON - PEDERSEN VOWS TOLD

The home of Mr. and Mrs. Donald A. Wilson of Lake Villa was the setting of the marriage of their daughter Mary Ann Wilson to Mr. Ronald R. Pedersen on November 18, 1972. Judge Daly officiated at the 10:00 a.m. ceremony. Mary Ann made her own wedding dress. She carried a bouquet of Red Roses and Stephanotis. Jillayne

Goeke was maid of honor while Donna Jean Wilson served as her sister's bridesmaid. Donald Pedersen served as best man and Tom Pedersen was the groomsman. Both are brothers of the groom. A reception was held in the Wilson home for 35 guests.

After a honeymoon trip to Hawaii, Mr. and Mrs. Ronald Pedersen will make their home in Belvidere, Illinois.

WOMAN'S CLUB HOLDS CHRISTMAS PARTY

The regular meeting of the Antioch Woman's Club was held on December 4th at the Antioch Methodist Church. It was the annual Christmas party and pot luck luncheon. Guests were officers of the Lake County Federation of Women's Clubs and members from clubs in the surrounding area. About 100 attend. A short business meeting was held after the luncheon. An announcement was made that cookies for Downey's New Years party

should be brought to the meeting on January 15. Instead of a Christmas grab bag each member contributed \$1 for the cash fund for the Vets at Downey Hospital. Mrs. Nancy Ranta from Zion demonstrated the making of Holiday arrangements. They were very unusual and attractive. Two arrangements were given as door prizes and the rest were sold to those attending the meeting. Mrs. Ralph Parker and her committee were hostesses.

NEEDS ADMINISTRATIVE SPECIALISTS

Lt. Col Alan F. Niedringhaus, Commander of Air Force recruiting in northern Illinois and northwestern Indiana announced that young men and women qualified for training in administrative skill are being sought for specialists positions in the Air Force. Interested persons can find out if they qualify by taking the free Airman Qualifying Examination given every Monday at 9 AM in Waukegan. Administrative jobs on the Air Force cover such fields, as personnel, accounting and finance, clerical, data processing and communications. Many of these jobs require technical training of from six to 52 weeks worth thousands of dollars. Every member of the Air Force is also entitled to a 30-days paid vacation each year, travel, education and advancement opportunities. Information on this and other aptitude areas in the Air Force is available from Master Sergeant Joe Kuczala at 211 W. Water Street in Waukegan.

Michael P. Beach, son of Mr. Barrell F. Beach of Route 1, Lindenwood, Illinois graduated from recruit training at the Naval Training Center in Great Lakes.

He is scheduled to report to Boilerman Class A School, Great Lakes.

CERMAK ATTENDS G.R.I. COARSE

The week of November 26th, through December 2nd, James A. Cermak, associate of Charles J. Cermak, Realtors, Antioch, attended the first of three courses given by the Realtors Institute of Illinois affiliated with the Illinois Association of Real Estate Boards.

These courses are established for the betterment of upgrading the Real Estate profession due to the Technical qualifications and even changing influence people have on Real Estate. Jim wants to be able to serve his clients and community with the utmost efficiency.

During 1973, the entire staff of Charles J. Cermak, Realtors will be attending this and other affiliated courses.

SUSAN KONTOS ON DEAN'S LIST

Susan Kontos (Mrs. Louis), Lake Villa, Illinois, has been named to the Dean's List for high academic achievement at Barat College during the second semester, 1971-1972.

Mrs. Kontos, a Sociology major, is a senior at the college and expects to graduate in May, 1973.

Barat is a liberal arts college for women located 30 miles north of Chicago.

CLC HOLDS

ART & CRAFT SHOW

College of Lake County Coffee House is holding an Arts and Crafts show on Friday, December 15, from 7:30 - 12 p.m. in the Student Center at the College. Individuals involved in candle-making, leather-craft, ceramics, jewelry-making, and other art forms, are invited to display and sell their wares. Anyone interested may contact Rich Jenkins, CLC Assistant Director of Student Activities, at 223-8193, Extension 37.

Bill Patterson, owner of BJ's Fashions for Men present First Place Winner, Mrs. Willie Schmidt, with \$120 leather jacket. (Staff Photo)

B - J'S OPENING - GRAND !!

BJ's Fashions for Men, 931 Main Street, have witnessed a whirlwind of a grand opening over the past week or so. Store owner, Bill Patterson, said that it was really magnificent, and that it was much better than anything they had anticipated. He also commented that people came from everywhere including Waukegan, Milwaukee, Chicago, Round Lake, Lake Villa, etc.

The opening, which began on November 24, and was scheduled to run until November 30th had to be extended over another weekend due to popular demand. When the opening drew to its final finish on December 2nd, BJ's had given away between \$2,000 to \$3,000 worth of merchandise. This does not include the many fine prizes that were given away in their grand drawing. The first place winner in the Grand Drawing was Mrs. Willy Schmidt of Antioch who won a \$120 leather jacket. Other winners were: Lee Mieure of Antioch, David Yuska, Antioch, Edmund Thinglum, Waukegan, Bill Effinger, Lake Villa, Ruth Jorgensen, Grayslake, William Huston, Twinlakes, Wis., Jean Rockow, Antioch, Shirley Gutowski, Antioch, Kay Galati, Antioch, Lucille Dane, Milwaukee Wis., and John Golniel, Chicago.

Mr. Patterson would like to thank all of those who contributed to the opening's success and a special sincere thanks to all the people of Antioch, who have given BJ's such a warm-hearted acceptance.

COURSES FOR HOME OWNER AND GARDEN ENTHUSIAST

The College of Lake County is offering night courses of interest to the home owner and garden enthusiast in the 1973 Spring Semester.

Basic Ornamental Horticulture will be held on Wednesday evenings from 7 to 10 pm. Lectures will cover all aspects of growing and caring for outdoor and indoor plants. Specialized areas of horticulture including terrarium construction, bonsai, and herb growing will be covered.

Landscape Design will be offered on Tuesday evenings from 7 to 10 pm. Basic concepts involved in the creation of an appealing landscape will highlight the course. The class will attend the international flower show held at Chicago's McCormick Place.

Enrollment in these courses

may be made by calling 223-6661, College of Lake County, between 1 o' clock and 9 p.m., December 11 through 15, or by registering at the College during that period. A second in-person registration period will be held January 8 to 10. Second semester classes begin January 15.

Questions concerning the courses may be directed to Dr. Michael Healy, College of Lake County, 223-8193, extension 70.

ANTIOCH RESIDENT BIG WINNER

Friday December 8, 1972 at 8:00 p.m. at the office of Charles J. Cermak Realtors in Antioch, the name of Mrs. Alice Paschke of Felters Subdivision was drawn from over 500 entries submitted in the 25th Anniversary Celebration Drawing of Charles J. Cermak.

Congratulations to Mrs. Alice Paschke the winner of the RCA portable color TV.

**NEW BAND GROUP
SET TO BEGIN
JANUARY '73**

At the regular monthly meeting of the Antioch Grade School Band Parents meeting, announcement was made to resume instruction for former band members after the Christmas holidays. It was decided that Tuesday and Thursday afternoons will be the time for former band members to meet at the Upper Grade School band room. The band members will be informed as to the exact day each band will meet. About 95 former band members have enrolled in the new group.

**CHANNEL LAKE
CHRISTMAS
PROGRAM**

Channel Lake Grade School will present their Christmas program on Tuesday, December 19th at 7:30 p.m. at the school.

**EMMONS PLANS
CHRISTMAS PROGRAM**

On Friday, December 15, at 7 p.m. Emmons Grade School will present its annual Christmas program. The entertainment will begin with a selection of Christmas songs sung by grades K-8 under the direction of Mrs. Jean Hubert.

Following the music, grades 6-8 will present a one-act play "Merry Christmas, Crawfords", by Mildred Hark and Noel McQueen. The story concerns a family who has just moved to a new town at the Christmas season. The four

Crawford children are discouraged because they are lonely and without decorations, cards, or time to buy gifts. The happy ending comes when neighbors pitch in to help both parents and children.

The cast includes: Terry Brueggemann, Julie Kramer, Debra Layton, Danny O'Brien, John Kakacek, Lori Bolton, Kelly Selak, Terry O'Brien, Randy Olsen, Violet Meuter, Debra Weber, Desise Grohs, Bill Dubek, Jerry Schmidt, Mary St. Pierre, and Carole Duha.

STUDENTS AID TOYS FOR TOTS

A "Toys for Tots" drive is presently being sponsored by the Grasslake Grade School. It has been organized by Mr. Warswisk's 7th grade class, which will serve as a lesson in social studies as well as a class project.

The 7th graders there are

asking for your help. They are looking for new or like new toys. The toys can be delivered to the school on Monday thru Friday from 7 a.m. to 7 p.m. The drive will end on Tuesday, December 19th. At that time the Marine Reserve truck will pick up the toys and will distribute them to needy children in Lake County.

Mr. Warswisk commented that as yet business has been slow, but really they have just been getting started and he hopes that things will pick up.

**"FOOD FOR
FRIENDS"**

In keeping with the spirit of Christmas, the Emmons Parents Club is sponsoring a "Food for Friends" drive from December 11-15. The Emmons students are asked to share with those less fortunate by donating any type of canned or non-perishable food products. The food baskets will be distributed among needy area families.

**EMMONS
CHRISTMAS**

On Wednesday, December 20 the students of Emmons Grade School will have their annual Christmas Party. The Party will begin with a program in the gymnasium featuring Mr. Larry Tobler "The King of the Banjo". Afterwards the children will return to their individual rooms to exchange gifts and enjoy Christmas "treats".

**OAKLAND
KINDERGARTEN
THURSDAY
PROGRAM**

The Kindergarten of Oakland Grade School will present a most entertaining Christmas program on Thursday, December 14, at 7:00 p.m. in the Oakland Grade School Gym. The PTA will hold a brief business prior to the program. A bake sale will also be held offering many delicious holiday treats. Parents are cordially invited to attend and spend an enjoyable evening.

Sequoit Auxiliary VFW No. 4551 American flag to Mr. Martin, Patriotic Instructor, Ann principal of the Oakland Grade Gilds, presents an out-door School. (Staff Photo)

TOPS NEWS

Tops Chapter Illinois No. 328 is not dead! At the last weekly meeting of the local Take Off Pounds Sensibly chapter it was decided that we publish the fact that though at the moment we are without a permanent home we are still active and looking for a permanent home.

This weekly meeting showed a loss for all members but one, with the queen of the week showing a 3 1/4 pound loss.

Tops is one of the few if not the only national and international non-profit weight loss organization. It is based on the theory of group therapy.

Our club has two members who have lost 85 and 65 pounds. Because the cost of belonging to Tops is nominal, longtime memberships are common. Because it is difficult to change long established eating habits permanently some people need constant help and reminders.

We would appreciate it if anyone having suggestions

where we could locate would call 395-0241. We used the Savings and Loan Community room until that was terminated early this year. We have been searching for a room to use that we could afford since we are non-profit. Are there any community minded groups that have a room to offer?

Anyone wishing to join or information about tops may call 395-0241, 889-4208 or 862-6485.

She was born July 12, 1897 in Chicago and resided there until moving to Antioch 20 years ago. She had been married to Harold Hagaman & John W. Jones both of whom had preceeded her in death as well as 2 sisters & 1 brother.

Survivors are 1 daughter Mrs. Beverly (Ralph Roberts (Ant.) 1 son Dale Jones (Haynes, Ark) & 8 grandchildren.

Funeral services were held at 1:30 p.m. Tuesday at the Strang Funeral Home in Antioch. Rev. Philip O. Laurin of St. Stephens Lutheran Church officiated.

Christian Science Churches

In the Bible in St. Luke 5 we read of Jesus's healing of the man full of leprosy.

In the Lesson-Sermon entitled "Is the Universe, Including Man, Evolved by Atomic Force?" this Sunday at First Church of Christ, Science and Health with Key to the Scriptures by Mary Baker Eddy will be read: "The God-principle is omnipresent and omnipotent. God is everywhere, and nothing apart from Him is present or has power. Christ is the ideal Truth, that comes to heal sickness and sin through Christian Science, and attributes all power to God."

Services at First Church of Christ, Scientist, BEACON HILL, Rte 173 and Harden, Antioch, Illinois begin at 11 a.m. Everyone is invited to attend.

DISTRICT REPRESENTATIVE SPEAKS - Ruben Cobos, Jr., district supervisor of Jehovah's Witnesses in five states will speak to eleven local congregations on the subject, "Is This Life All There Is?" The talk will be given December 17th at the high-point of their two-day convention in Chicago.

"PAIN CAN BE CONQUERED"

FREDERICK W. FISCHER--62 years old of 501 Petite Lake Road - Lake Villa, Ill. passed away on Sunday Dec. 10th at his home. He was born August 30, 1910 in Piper City, Ill. and had resided in Chicago, Aurora, Billings, Montana - Kansas City, Mo. - Sioux Falls, S. Dakota - & DesPlaines, Ill before moving to Lake Villa 10½ years ago. He had worked in the service department section of the Melrose Park works of International Harvester. He married Dorothy Tibbets on Sept. 19, 1937 in Aurora, Ill.

Survivors are his wife Dorothy - 2 daughters Mrs. Ruth Anne (John R.) Urbaniak (Baltimore, Maryland) - Mrs. Carol (John L.) Nelson (Memphis, Tenn) - 1 son Richard W. Fischer (Sacramento, Calif) - 1 sister Mrs. Dorothy (John) Omar (Homewood, Ill) - 1 brother Herbert F. Fischer (Lake Villa, Ill) and 4 grandchildren.

Funeral services will be held at 1:30 p.m. Wednesday at the Strang Funeral Home in Antioch with Rev. Donald Cobb of the United Methodist Church in Antioch officiating. Interment will be in Grass Lake Cemetery.

CONSTRUCTION BEGUN ON FIRST CHURCH OF CHRIST HEADQUARTERS

Members of First Church of Christ, Scientist were pleased to learn that construction has begun on a new phase of their denomination's international headquarters in Boston, Mass.

James O. Miller, the Committee on Publication for Illinois, who recently returned from a trip to the Christian Science Center, reported to his assistant, Mrs. Reed F. Kaiser, that a new entrance, designed by I. M. Pei & Partners, Architects, is being added to The Mother Church, The First Church of Christ, Scientist, in Boston, Mass. The local Christian Science church is a branch of this church.

"More than 100,000 people from many lands come to the Christian Science Center every year, and the new open approach and central entrance will make it easier for people to visit The Mother Church," Miller stated.

Rising 224 feet above Boston's Back Bay, the domed Extension of The Mother Church has been a landmark in the city for the

NATIONAL

ORGANIZATION FOR WOMEN

The Lake County Chapter of the National Organization for Women will hold its general meeting on Thursday, December 28 at 7:30 p.m. at the Public Library, 128 North County Street, Waukegan.

Featured speaker will be the Reverend Mrs. Ruth Ann Bassler, Pastor First Community Church of Island Lake, Illinois. The Reverend Mrs. Bassler, who assumed her pastoral duties on December 10, 1972, is the first woman pastor in Lake County.

The Reverend Mrs. Bassler will relate her personal experiences in the fields of religion and theology, discussing "women in the ministry" and "women's role in religion today." The Reverend Mrs. Bassler, who is also a teacher, poet and author, promises a stimulating talk.

All are welcome, no admission is charged.

past 66 years.

The integral relationship between the Church and The Christian Science Publishing Society, home of The Christian Science Monitor, the denomination's well-known daily newspaper, will be accentuated by a new landscaped area featuring lawn and trees.

The new Church Center is visited annually by members from Antioch and surrounding communities during the time of the denomination's annual meeting in June of each year. More of our residents who are members of the local church will have an added interest in the new Church Center because of the interest the new Center has sparked among members of other churches interested in learning more about the growth of Christian Science.

With a Stern Eye

First came the phone call from Alex Mohn, newly appointed trustee of the Beach Park Drainage District. "...I got a letter from the Attorney for the District, and he says he's not getting the cooperation from the County Clerk's Office that he should be getting. What about that, Grace?"

What indeed? I called the Attorney - Dick Finn - and found that his letter to the trustees implied a little more than he had intended. If the Attorney for a nearly submerged Drainage District can backwater, he did. "Before your new man came into the Tax Extension Department, we did things differently, that's all. Our Assessment Rolls are a mess, there's no doubt about it..." That was a statement we were to hear over and over from a number of those involved. "And we used to fix the assessments on subdivided parcels within the district without all this red tape. Your new man claims the new assessments have to be approved by the court."

I checked with the new man,

Gene Bzdawka. He had indeed claimed that. In fact that's what the statute said. I checked with Lowell Wirth, the old Tax Extension man. He agreed that the statute required court approval and indicated there had always been difficulty convincing Dick Finn of the legally correct way to go. I called Alex Mohr back and reported the sequence of conversations. We agreed that a meeting would be advisable, between Mr. Finn, the gentlemen of the Drainage District Board, Bzdawka and myself. I included Fred Boyd, my administrative assistant, in the meeting because I want him knowledgeable in what goes on. And anyway, he remembers a whole lot better than I do.

That group gathered then, with only Alex Mohr to represent the trustees, in my office on a sub-zero Wednesday afternoon. We were joined shortly by Janet Morrison and Bertha Ogrin, two County Board members from the Beach Park District - and a young man from the newspaper.

The assessment rolls were several years out of date, admitted Mr. Finn. He had been unable to keep them current; had he taken the time to do so, the entire assessment would have been paid out to him in legal fees. That would have been ridiculous, he said. We all agreed.

It was bad enough, he said, that he had to take all those phone calls about the District referred to him by the Treasurer's office; he was forced to charge the District for the time he spent answering those questions put to him by the flooded public. That too, was ridiculous, he said. We all

agreed again.

Apparently the problems confronted by Dick Finn and the Drainage District result from a number of factors. The District was designed to handle drainage from 6 or 7 farms, the owners of which all knew each other and when it was necessary to meet, to make decisions on assessment changes, etc., there was no problem about getting notice around. The small districts still find the statutory procedures fairly workable, said Finn, but in Beach Park the situation is impossible - "it is the best we have it is inadequate and unworkable."

In the course of the afternoon the group discussed the Trustees' decision to hire Terry Tucker of the County Treasurer's office on a moonlight basis, to bring the Assessment rolls up to date. They discussed appointing an outside treasurer for the District and earning interest on their funds. They explored methods of 'flagging' (on the computer) those parcels of land within the Beach Park Drainage District when changes of ownership or subdivision were recorded. "If the data is in the system, an it is," said Fred, "it seems absurd for us not to be able to provide it to you without charge. If you got that kind of information on a regular basis, you would be able to keep the rolls up to date, without its being 'such a hassle.'

"I haven't been able to do it up to now," said Finn. "So I see no reason why I should be able to in the future." There was a pause.

"What disturbs me," I said, "is the question of those who did not receive proper billing for the Drainage Assessment be-

WEDNESDAY DECEMBER 13, 1972

THE ANTIQUITY NEWS Page 19

the Assessment Roll. It would be the Attorney.

"What does a Drainage District need an Attorney for?" asked someone peevishly.

"To operate the slush fund?" asked Mrs. Ogrin hesitantly.

SECURITY

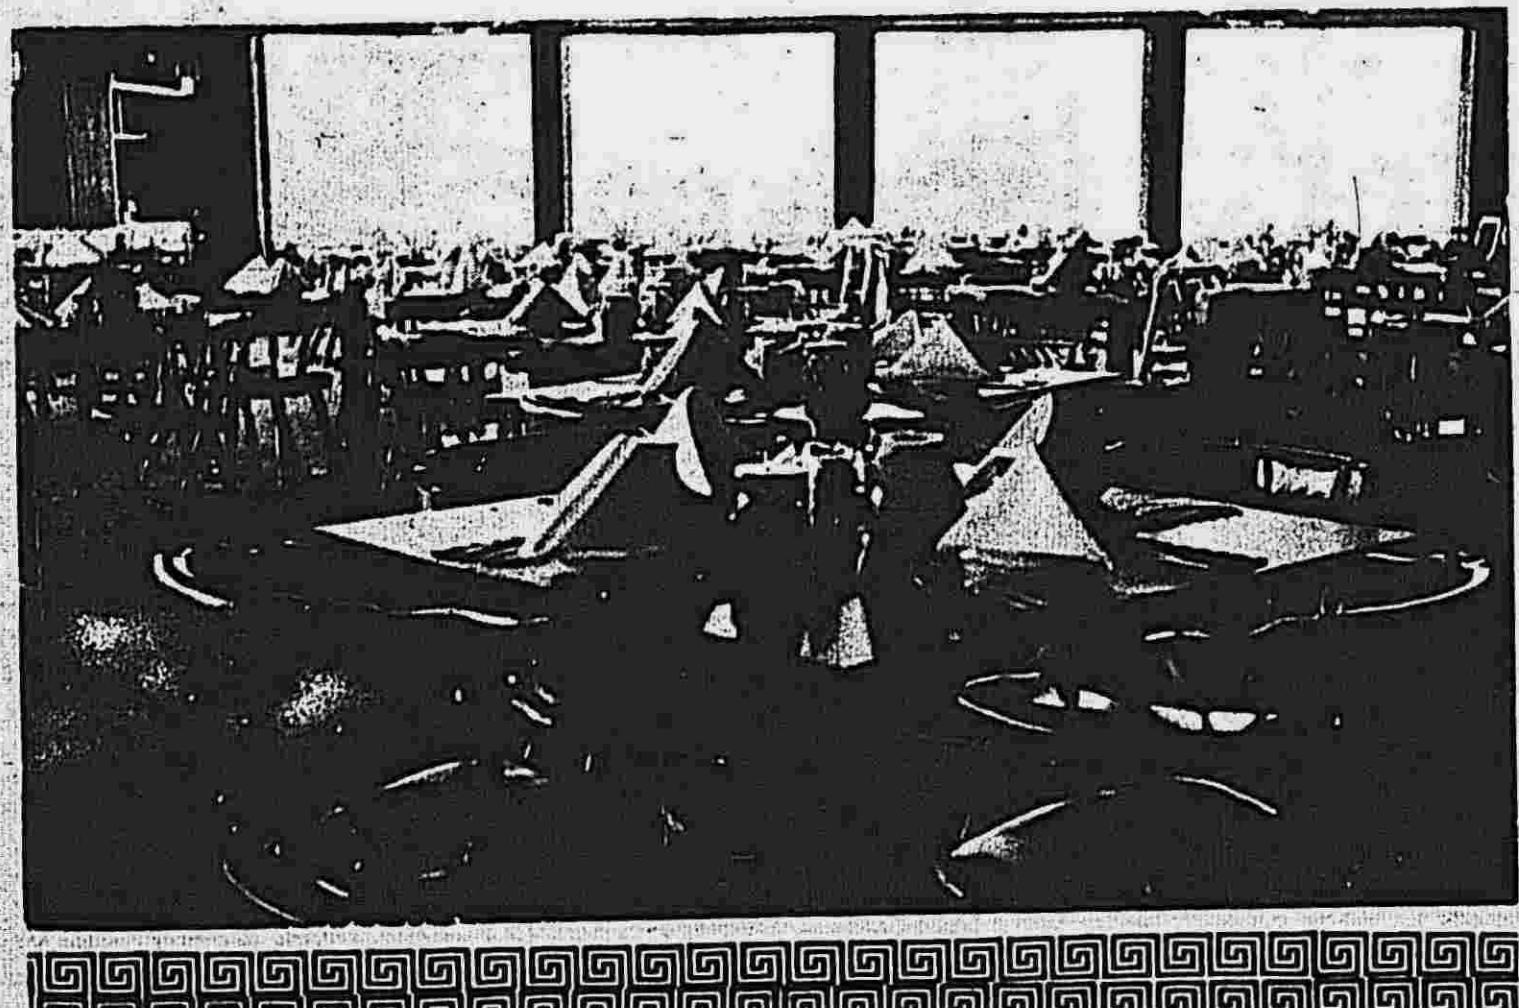

BENEFITS AT 62

Although social security retirement benefits may be paid at age 62, it is not always advantageous for a person to claim them at that time. A worker's monthly retirement benefit at age 62 is 80 percent of the amount he would receive if he waited until he was 65. It is usually advantageous for a person to begin these benefits before he is 65 if he has one or more months before he is 65 in which he earns less than \$140.00. Although he receives smaller benefits he gets them over a longer period of time.

Every worker who is within 3 months of age 65, should file an application for Medicare coverage, whether he plans on retiring or not. This is true because there are parts of Medicare which can be applied for only during specified times of the year. For additional information, contact any social security office.

"SEQUOIT HAPPENINGS"

BITS AND PIECES

By: Taffy Engelhardt

The Grant Basketball Game was a real thriller and one that shouldn't have been missed. It was a very close game and anyone could have been the winner. But since we played our enemy, Grant, it was a game that is best when you win. The score was 57-55. Antioch's favor and both teams played a very good ball game.

The class meetings were scheduled for Friday, December 8th. The agenda consisted of referendum plans. Each class had a student's parent as a guest speaker. These parents have been working very hard promoting the upcoming referendum. We hope they won't be disappointed with its outcome.

As Christmas approaches and becomes nearer and nearer, we're all scraping our pocketbooks trying to get everyone Christmas presents. People have many things to do before the holiday season arrives..... and then there is another referendum. We're all either too busy to vote, or too broke to vote yes. But, THINK ABOUT IT.

Isn't your child's education the best Christmas present he could get? Or, if you haven't any children, think about our nation's future. I know that sounds pretty far-fetched but it really isn't. Education is so important in today's world. An education is one thing that no one can take from you. It doesn't get worn out, and it can't go out of style. And "education" doesn't mean reading, writing and arithmetic. It also consists of learning how to get along with and work with people and also learning how to experience these things. Yes - I'm pushing the referendum and I'm biased and I'm also writing on emotions. I'm a student and I can feel the difference in the entire student body. If it isn't passed this time, even the BASICS will be slighted. And who knows what's next? You can only go so far with no money. At the last referendum, only one third of the parents even voted. It's your right to vote as you please, how you think best, but at least show that you care enough to take the time to vote. Whether you vote yes or no - please, exercise your right. A few minutes of your time will affect many people.... don't be too busy this time.

Here are some of the students views on this issue.

HOW HAS THE FAILURE OF THE PAST REFERENDUMS AFFECTED YOU PERSONALLY AND HOW DO YOU FEEL TOWARD THE UPCOMING REFERENDUM?

Jim Fisher - It made my schedule shorter, and in one class I don't even have a teacher, because she has too many students to teach. For the sake of the students, the sophomore and below, the ones the budget cutting will be affecting greatly, I hope the referendum passes.

Kathie Garcia - I wasn't able to take all the courses I wanted. When they cut out the yearbook it really hurt, since I wanted to get further involved in it. It hurts when they start doubling up classes, like giving one teacher two classes in the same hour. She just isn't capable of helping everyone and it hurts our education. I hope this referendum will pass to help the underclassmen and people who will be coming in the future, so these students will have four years of high school that will be of some help instead of harm.

Sue Konkell - I think that the past referendum should have passed. The school and students are missing out on some of the best things. I think this

referendum should be passed. If it doesn't then the parents just don't care.

Mike Harvey - I have learned a lot about people and how they really don't care enough to give their children an education. If the people get out to vote I feel that there will be a chance of winning the referendum. But I have a feeling that it will be the same old story...A FAILURE!

Thomas Craner - It has cut some programs that I am involved in. I plan to go into theatrical technology when I am out of college. The school was forced to discontinue that Drama course which would have helped a lot. In one class it's hard to get help, because the teacher has to take care of two classes. There are no school sponsored clubs any more so that makes school a little more dull.

Cathy Grunewald - I feel it to be the kids fault within the school for the reason of the referendum failing the last two times. When ever an election, for some office in school or whatever, has been brought up, and the kids are asked to vote, half of them don't even try to vote; they'll walk by the table set up for it, and claim they haven't got time. I feel this to be the biggest mistake in every election or voting, etc...kids don't care, the parents don't care, and vice versa. It happens every time. I'm just hoping it passes this time - for the sake of the under-classmen and incoming freshmen for next year.

Gregg Dickson - I feel like a lot of other kids, that most of the people just don't care. No one wants to vote or give any effort to inform their parents and people in the community of the seriousness of this referendum. We used to have a very spirited school, now everything has seemed to go right down the drain. The cutting of freshman sports is probably the biggest reason in the lack of spirit. It's a terrible thing to deprive an incoming freshman of his ability to participate in sports and other clubs that were cut. So please when you are asked to vote on December 16, please turn out and give us support.

Sherri Engelhardt - I really don't know because I'm only a freshman, and I don't know what I'm missing, but when I was in grade school I always looked forward to having a yearbook and things like that, what we don't have. And like all freshman sports - our guys are really depressed because this is probably what they were looking forward to. By what I gather, the freshmen got the bad end of the deal.

1972 TRAFFIC SAFETY

ESSAY CONTEST FOR SENIORS

If you're an Illinois high school senior, here are some suggested tips for you to follow when planning your essay for the 1972 Illinois editors' SAFETY Seminar contest, which provides for 10 winners—five boys and five girls—which each receive \$500 Chicago Motor Club scholarship grants:

The judges are interested in your ideas about traffic safety, not only those found in driver education textbooks.

Apply your own experience, both as a driver and a passenger.

Don't forget to keep your essay within the 500 word maximum.

Don't forget to direct your

writing to the assigned theme of the contest: If I Had The Power(a) This Is The One Thing I Would Do To Reduce Traffic Accidents,(b) And Here Are My Reasons!!

Don't forget to affix an official entry blank to your essay. These are available from your school principal or from Seminar Headquarters, 66 E. South Water St., Chicago, Ill. 60601.

Don't forget your rules of grammar and sentence structure.

Don't forget: your essay must be received at Seminar Headquarters postmarked no later than Dec. 31, 1972, if it is to be eligible for preliminary judging.

TECHNICAL WRITING OFFERED AT CLC

Technical Writing is being offered by the College of Lake County on Wednesday, 7:00 - 10:00 pm. during the 1973 Spring Semester. The evening section of the course is designed as a practical, problem solving course for technicians and businessmen faced with various communication situations requiring writing. Graphic aids and their relation to technical communication are also discussed.

Specific assignments are

determined by the class but a general survey of basic technical writing techniques is conducted throughout the semester.

Enrollment in Technical Writing may be made by calling 223-6661, College of Lake County, between 1 to 9 a.m., December 11 through 15, or by registering at the college during this period. A second in-person registration will be held January 8 to 10. Spring semester classes begin January 15, 1973.

THE SEWER

957 VICTORIA ANTIQUA PANTS & MORE LTD.

Astro-Chart

(Week of Dec. 15-21)

ARIES (Mar. 21-April 19): Moon in your sign favors opportunity, new business ventures. A good time to seek new job opportunity. Travel to distant place for the holidays could be in the offing. If this involves an invitation, accept it and have a merry time!

TAURUS (Apr. 21-May 19): An excellent time for shopping for gifts over the weekend. Be discreet in all personal relationships. Solar signs indicate possibility of a new romantic interest as a result of social activities this week. Best day for business: Tuesday.

GEMINI (May 21-June 19): Break away from routine over weekend and enjoy yourself with an evening out or a visit with friends. Moon in your sign Monday and Tuesday indicates start of a lucky period for you, perhaps as a result of a partnership or joint enterprise.

CANCER (June 22-July 21): Avoid disruptions at work Friday. Get into the holiday spirit over weekend with shopping, entertaining. Work may seem routine, but things will perk up! Best days: Wednesday and Thursday.

LEO (July 22-Aug. 22): Luck could come your way from a surprising source. Financial aspects high. Take care while traveling Sunday and be tactful at work or school Monday.

VIRGO (Aug. 23-Sept. 22): Watch your budget. Don't let holiday spending become a financial problem. Beware of quarrels with in-laws, other relatives over weekend. Monday through Wednesday is a time to pay attention to detail at work, school. Superiors may be in a difficult mood.

LIBRA (Sept. 23-Oct. 22): The stars are right for you during this pre-holiday week. Romantic and financial signals are GO! A trip or visit could be the start of a profitable new association or romantic interest. Best day: Saturday.

SCORPIO (Oct. 23-Nov. 22): A quiet weekend at home will give you the time to reflect on problems that have been bothering you. If traveling, be extra cautious to avoid accidents. Watch finances Monday or Tuesday, especially those involving receipts and cancelled checks you may need later.

SAGITARIUS (Nov. 22-Dec. 21): A change of pace will do wonders for your morale. Take care of shopping Friday, Saturday. Then treat yourself to an evening out with spouse or partner. Holiday atmosphere may be just the tonic for a fading romance.

CAPRICORN (Dec. 22-Jan. 20): A secret wish or romantic attachment brings smiles this week. Don't worry about the opinions of others; fulfillment may be nearer than you think. Best day: Saturday.

AQUARIUS (Jan. 21-Feb. 18): Pay attention to detail at work Friday, then enjoy yourself during the weekend. Exciting surprise may be in the offing. Problems of children, relatives may trouble you briefly, but nothing can dampen your spirits during this pre-holiday period.

PISCES (Feb. 19-March 20): Travel plans may be upset because of unforeseen difficulty. Don't let it spoil your cheery attitude. Keep busy at work and avoid misunderstandings with associates, superiors. Best days: Wednesday, Thursday.

SOME PAINTING PROCEDURES, INCLUDING HAPPY ACCIDENTS..... Transparent watercolor is an abstract medium. Successful paintings depend on the visual effect you can achieve with the manipulation of the colors rather than on a deliberate attempt at painting realistic. In other words, a quick dab of a brush might suggest a tree, rather than your painting that tree in all the detail of leaves, bark, etc. A good watercolor should have a fluid, spontaneous appearance. It should look as if it was done in a few minutes rather than labored over. This spontaneity is achieved by deliberate practice as you study watercolors of accomplished artists. I do not mean that you copy their work, but you should study out how various effects were achieved, such as puffy, white clouds in a deep blue sky, bright streaks of color across storm clouds as the sun sets. You figure out which of several techniques was used and then attempt to do likewise. These techniques are: wet on dry, wet in wet, happy accidents, and Puppy-dog Tails.

Wet on dry simply means you load your brush with color, either as deep as you want, or diluted with water to the desired shade, and apply it to dry paper. The results will be hard edge strokes. Japanese brush painting is mostly a wet on dry technique. If the brush is loaded with clear water, then the tip touched into paint, a single stroke can be made with a shaded effect. Experiment with varying ratios of color to water. The use of little water is called dry-brush technique. The color drags across the tooth of the paper—the rougher the paper, the more pebbly the effect.

Wet in wet technique (also referred to as a wash) is done by first flooding the paper with water and applying color to the wet paper. Long even strokes will give a smooth, even finish. Shading can be achieved by adding more water or more color at each stroke. Experiment with the paper from very wet to damp, to see what different effects can be achieved. Also apply paint with all sorts of brush manipulation, such as dabbing, streaking, stippling and any other way you can dream up.

Happy accidents are really deliberate processes, but are learned as you make accidental blots, blurs, and splotches. Sometimes a drop of color on a damp spot will flow in just the right

way as to give the effect of a distant hill. Practice by dripping, sprinkling and spreading paint in any manner you can think of, even blow color around.

Happy experimenting. Suggested Study Sources: FORD TIMES, small magazine put out by the Ford Company. WINSLOW HOMER, late nineteenth century American artist, noted mostly for his watercolors. Next Week: AND PUPPY-DOG TAILS.

LAKE VILLA HAS REFERENDUM SUCCESS

Last Saturday was a memorable day for the Lake Villa Grade School system, when they finally passed their referendum. They previously tried to pass this same referendum on March 20, 1971 and on February 26, 1972.

The voting turn-out was much heavier than ever before. A total of 544 affirmative votes were cast and 234 negative votes.

The referendum was calling for a funding bond of \$335,291.85. The money will be paid through the property taxes, but once the amount of the bond has been covered, the property tax will return to its normal rate.

School superintendent, Peter Palombi, said "Actually, the residents should not be noticing an increase in their tax rate this year. This is due to the fact that a 1952 bond and a 1957 bond totaling \$404,000 have just been completed."

If the referendum had not been passed, the Lake Villa School Board would have been faced with two alternatives. First of all, they could have

continued to make further cut backs, although they have already cut out one building principal, a band teacher, two vocal music teachers, the director of guidance, the librarian, a gym teacher, a fifth grade teacher, a nurse, six aides and 3 custodians.

The second alternative facing the board was the possibility of closing the doors of the schools and petitioning the County Board of Trustees to annex their school district and join it with another school district.

Palombi contributes the successful passage of the bond, to the support of just everybody.

He said, "There were a lot of people working hard for it. Every group supported it. We went to every organization and asked for their support, which they readily gave. We even went to the Village Council."

Lake Villa's financial problem is attributed to the same factor as Antioch high school's problem, "a squeeze between rising costs and lagging revenues."

STATE POLICE RECRUITMENT

Approximately thirty-five vacancies will exist in the Trooper rank of the Illinois State Police by late Spring, Mr. Forest L. Tozer, Chairman of the State Police Merit Board, announced today.

The Board will accept applications through December 29, 1972, Tozer added. Applications may be secured by contacting the nearest district headquarters, or subpost of the Illinois State Police, or by writing directly to the State Police Merit Board, 1016 Ridgely Building, Springfield, Illinois 62701.

Applicants must be between the ages of 21 and 33 years. An individual 20 years of age who has successfully completed a two-year college course in law enforcement is eligible to apply.

A high school diploma or a high school equivalency certificate is required.

To be qualified physically, an applicant must be a minimum of 5'9" tall and a maximum of 6'6" with body weight proportionate to height.

No color blindness and 100 percent depth perception are required in addition to a minimum vision of 20-30 in each eye without corrective lenses.

Tattoos on either forearm, wrist, or hand will disqualify an applicant.

Tozer further stated that applicants will be required to pass screening examinations, both written and physical, and additionally must pass a pre-employment polygraph test if requested.

Results of a reputation and character investigation must be acceptable to the board which will afford the applicant an oral interview.

The Illinois State Police Merit System will begin its twenty-second year on January 1, 1973, James T. McGuire, Illinois State Police Superintendent said. When the system was inaugurated, the pay of a trooper was \$259 per month; now it is \$786, with increases for seniority and satisfactory performance.

Richard Kessler, a member of the High School PTA, speaks to the Junior class regarding the referendum that will be run this Saturday. (Staff Photo)

A plug for easier starting in colder weather.

Remember the mornings last winter when you turned the ignition key and nothing happened? If your neighbor wasn't around to help, you might have waited and waited for the service station truck. This year you can save time and money with an easy-to-use electric starting aid.

There are several types to choose from, and all run on regular house current. Simply plug one in at bedtime, and your car's off to a quicker start in the morning.

One combination—a tank-type preheater and trickle charger—can have the effect of a heated garage for your engine and battery. The tank-type unit fits outside your engine and heats and circulates the coolant.

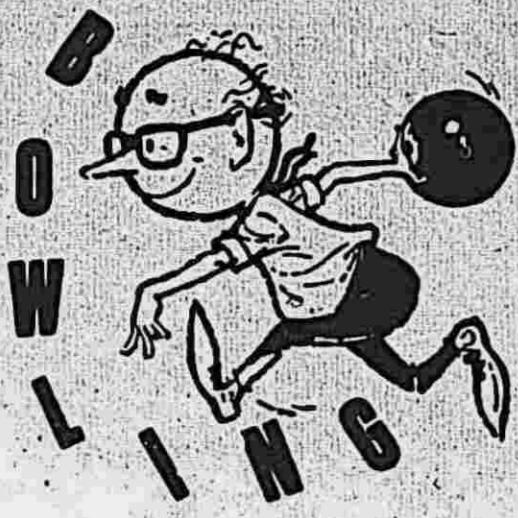

The trickle charger both warms your battery and keeps it at full charge.

Another kind—a freeze-plug engine heater—replaces the freeze plug in the engine block. If you're buying a new car, your dealer may offer this as an option.

There are several other kinds of effective electric starting aids, too. Your auto service station or supply store can tell you which devices are best suited for your car.

REMAIN UNDEFEATED WRESTLING SEQUOITS DID IT AGAIN

Last Friday night Dirk Dietz, Dennis Dyer, and John Meyer, were sick with the flu. This may not sound like earth-shaking news, but it really was to the wrestling Sequoits as these boys are three of their starters. However, starters or no starters the Sequoits pulled themselves together and were able to top Grant with a score of 31-21.

Coach DeRousse said, "It did not really matter that we were missing 25 percent of our lineup, we just moved our kids around and it was pretty impressive as we had eight wins out of twelve."

Mark Mahar replaced one of the starters and really did a fantastic job as he was able to pin his opponent in 3:39.

Dennis Thain, who is a 105 pound Sophomore, was moved up to the Varsity team because of their shortage and did a fine job as he scored 11 points to Grants 0.

Coach DeRousse further commented, "When we get

healthy we will really be alright."

The wrestling Sequoits are currently undefeated and are resting in first place. Next weekend, however, they will face four consecutive matches, one on Friday and three matches on Saturday. They will wrestle the Lake Forest Team on Friday and Bradford, Rockford West, and Janesville High School on Saturday. "This will be a good test and a good tune-up for the Lake County meet in North Chicago on the 22nd and 23rd of this month.", Coach DeRousse said.

98 Garcia won 8-0
105 Thain, D. won 11-0
112 Roberts lost
119 Nordstrom lost
126 Larsen won 8-2
132 Shaffer won 8-1
138 Mohar won Pin 3:39
145 Thain won 8-4
155 Beese won 9-2
167 Armstrong lost
185 Staples lost
HWT Rayniak won 6-0

WESTERN ILL WRESTLERS SHOW STRENGTH

Last week, Western Illinois' wrestling coach Bob McMahan said his leathernecks should be the strongest team ever. After dominating the University of Illinois' Wrestling Invitational Tournament (Dec 2) in which six Leathernecks entered the finals and three came out as champions, McMahan's prediction looks stronger than ever.

Western led the 15 team field with 85 unofficial points, followed by Northwestern with 56.

Western's grapplers won 27 of 36 matches which included seven pins.

Leading the charge was All-American heavyweight Jim Woods, a 6-6, 250 pound giant who beat Paul Scott of Northwestern 5-1. Transfer Rich Nelson (Antioch) won the 177 pound division with a 5-3 win over Art Mohorn of Triton Junior College. And 190 pound Jim Kulpa moved his career mark to 40-5 with a title victory over Palmer Klass of Illinois, 7-5.

The Leathernecks, who finished 12th in the NCAA college division finals last season, opened their 1972-73 home schedule against a tough Augustana College squad at Western Hall at 6:30 p.m. on Saturday Dec. 9.

SOPH WRESTLERS

The Antioch High School Sophomore wrestlers had to come from behind to defeat a determined Grant Bulldog team at Antioch on Friday evening. The win left the Sequoits 4-0 for the season, and 2-0 in the N.W.S.C.

The final score was no indication of how close the match really was. With eight matches completed, the Sequoits were still behind by a score of 20 to 18. Antioch's last four wrestlers, Mike Jones, Jim Morgan, Dale Eastman, and Rich Coari all had big wins which accounted for 21 straight points and notched the 39-20 victory. Rich Coari was cited by Coach Steve Wagon for the impressive victory over 275 pound giant Greg Murray in the

heavy-weight match.

The Sequoits travel to conference rival Lake Forest High School for a 6:45 p.m. match on Friday, December 15, 1972. On Saturday, December 16, 1972 in Kenosha, Wisconsin to wrestle Bradford, Rockford West, and Janesville High School starting at 9:00 a.m.

SEQUOITS WHOP BULLDOGS

Last Friday night the Antioch Sequoits traveled across town to face their favorite competitors, Grant. They took a large amount of enthusiasm with them and a few buses full of happy fans.

The whole game was uncomfortably close as these almost equally matched teams played out the game. When the final buzzer sounded, Antioch was in the lead by two points and ended the game with 57 points to Grant's 55.

Sequoit Coach Andrew's said, "Both teams played exceptionally good defense, but in the long run our poise won the game for us."

Personal fouls were very prominent in Friday nights game. Twenty-nine personal fouls were called against the Grant Bulldog's, which cost them the loss of three starting players and one substitute. Antioch had 13 fouls called against them, but were fortunate enough not to lose any of their men.

A number of technical fouls were called during the game. Coach Andrews received two contesting some rather questionable refereeing during both the first and third quarter.

At the end of the third quarter Antioch was losing by four points with a score of 42 to Grant's 46.

The last couple minutes of the game were probably the most

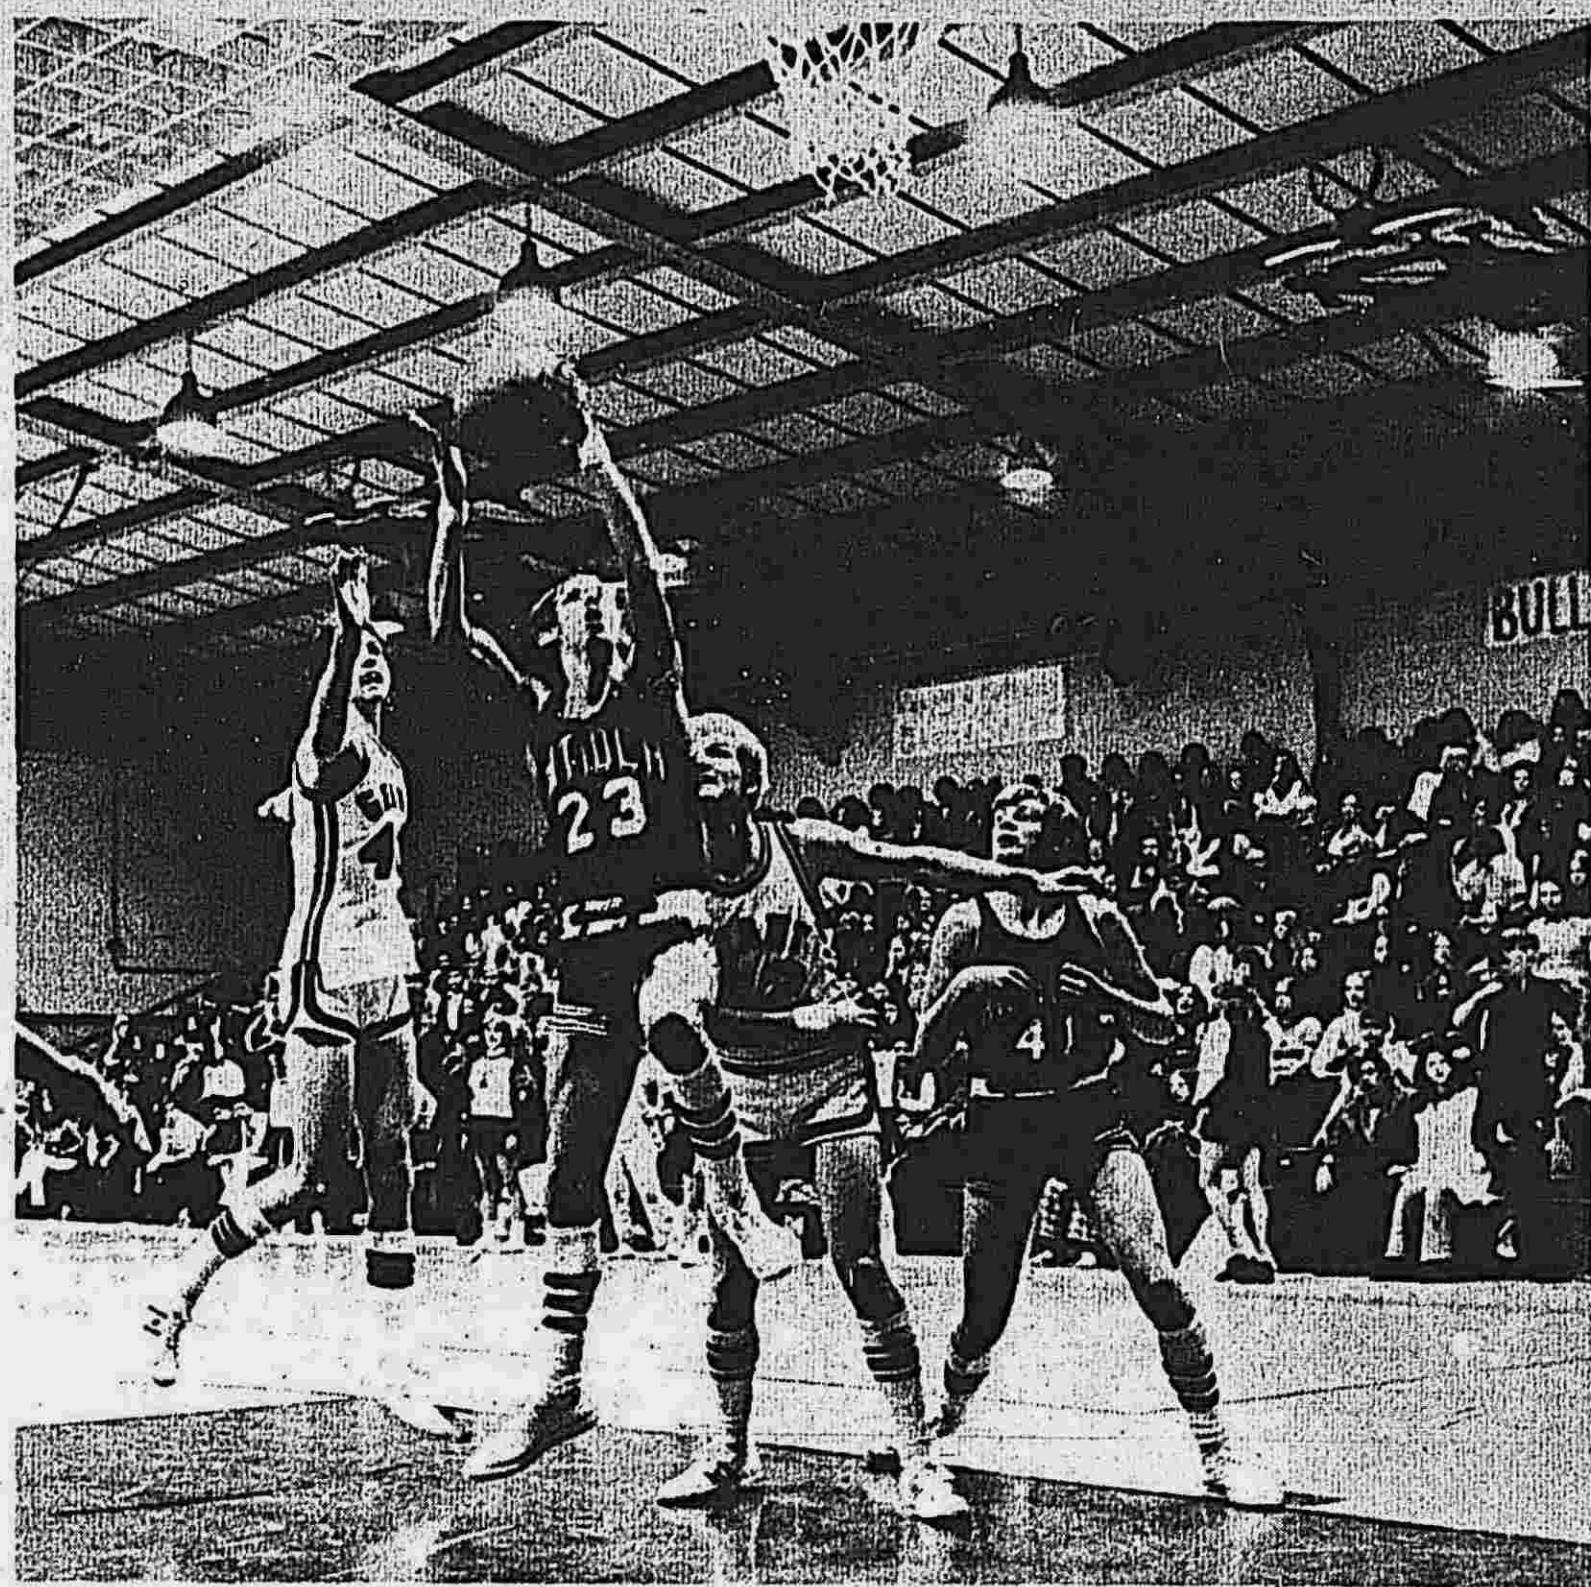

exciting minutes of the season so far. Vic McGuire had already tied the game after scoring two points on a reverse lay up and then by making two free throws in a bonus situation. Grant scored and gained the lead once more as they were fouled and regained the possession of the ball scoring two more points.

With the score Grant 48, Antioch 46, Tim Mieure went into action and tied the game. McGuire was soon fouled making his two shots and the Sequoits were finally in the lead for good, although there were a couple of close calls.

Players Tim Mieure and Mike Gutowski were the lead scorers for the Sequoits with 17 points. Vic McGuire did his part with 10 points in his favor and Mark Andrews made seven rebounds.

The Sequoits will take on Lake Forest in their Gym on Friday night.

	FG	FT	TP	REB
Mieure	6	5	17	1
Andrews	2	1	5	7
McGuire	2	6	10	4
Gutowski	2	13	17	5
Janosko	0	0	0	2
Popp	3	2	8	1

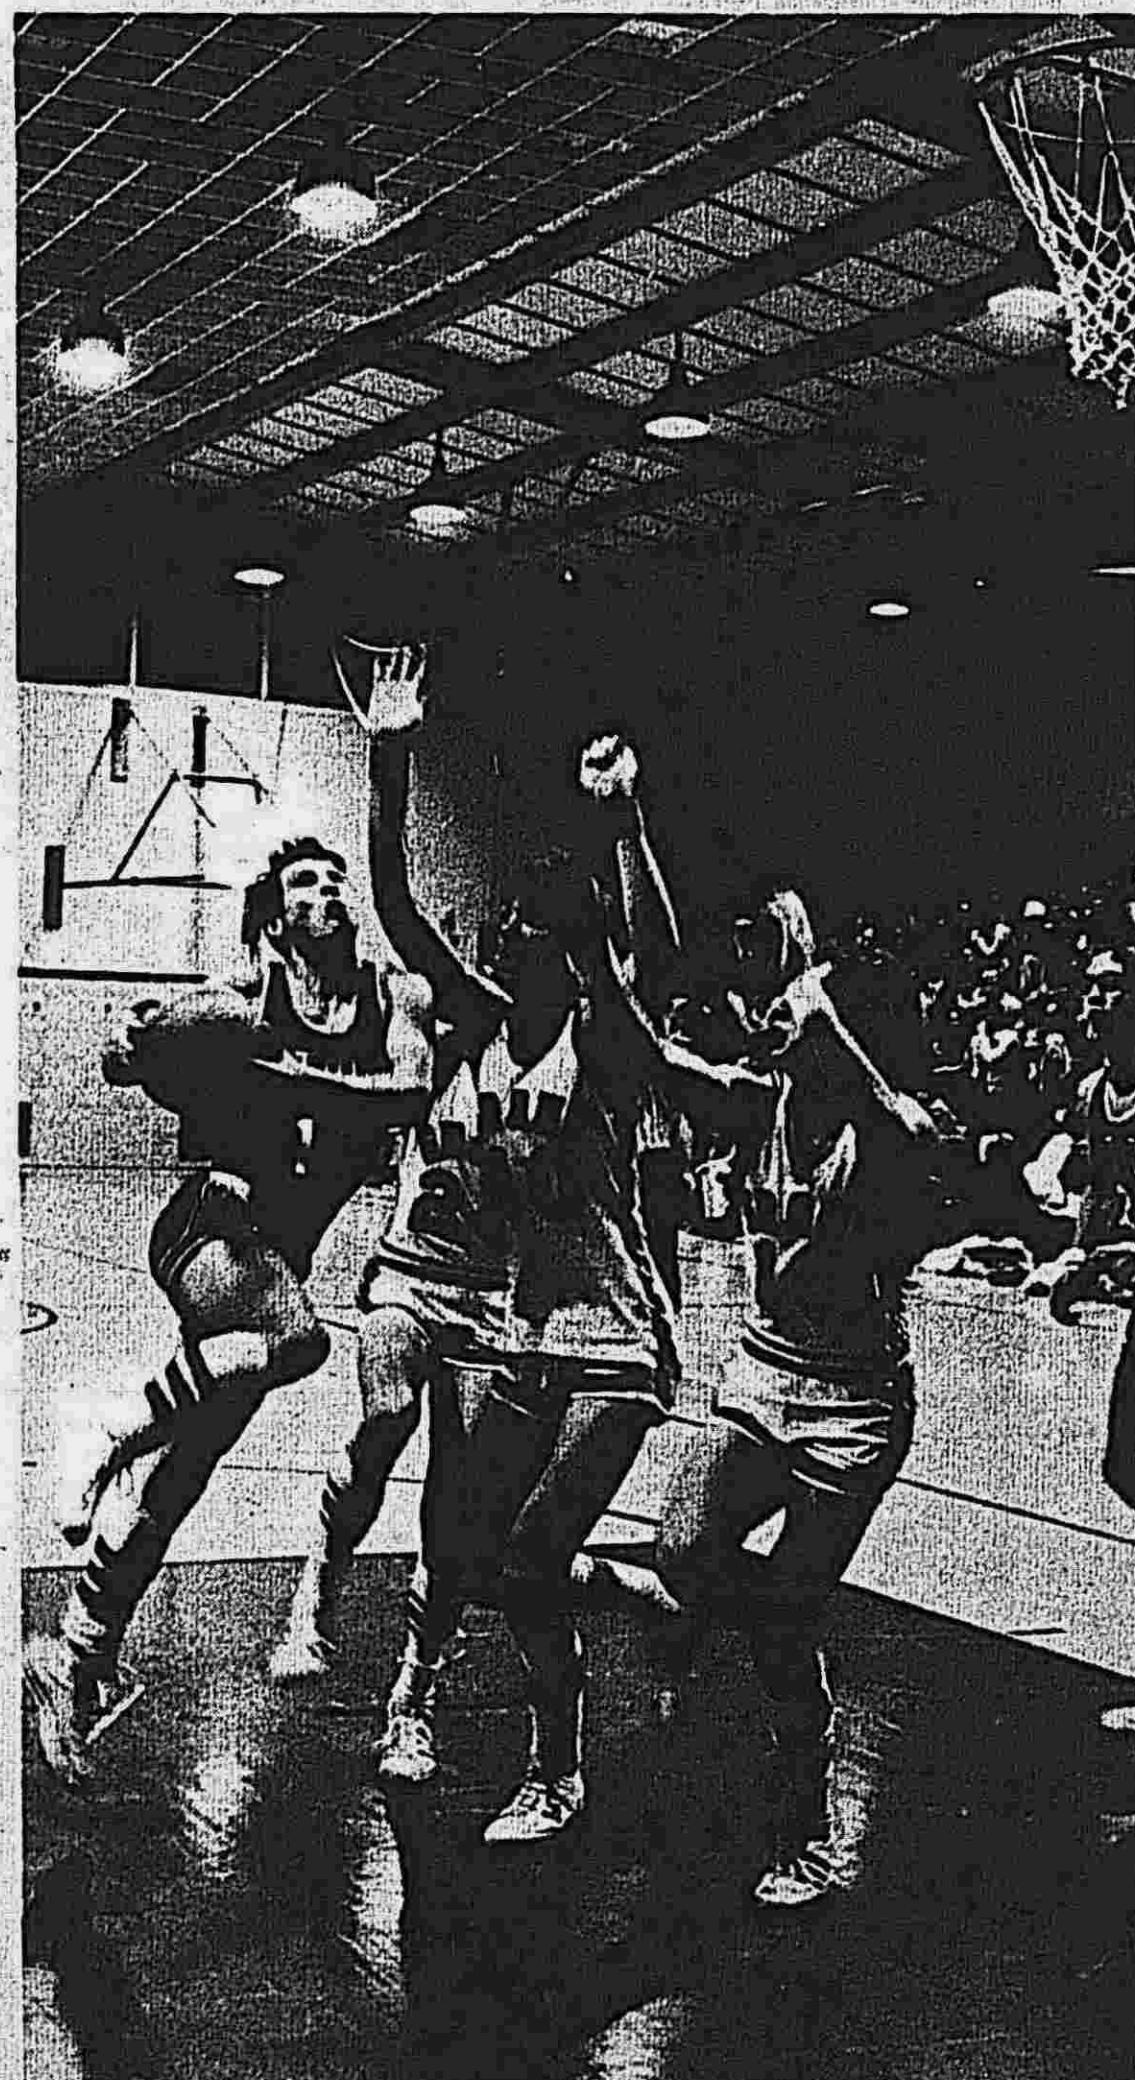

Mike Gutowski jumps for the ball and then proceeds to make a basket. He was tied with Mieure for high scorer. The Sequoits won the game with a score of 57-55. (Photo by David Kauss)
